ST. LOUIS TEAM IS EASY. NEW YORKS HAVE A PICKIC ATTHE MISSOURIANS' EXPENSE.

Iwo Cames Wen from Louisville by Brook ya-Cincinnati a Cinch for Baltimore, and the Cicvelands Fall Before the Quakers -Chicago and Pittaburgh Also Win.

The New Yorks had no trouble in disposing of St. Louis's inferior team yesterday, but they are still on even terms with the Philadelphias, who almost shut the Clevelands out. The Brooklyns took two games from the unfortunate Louisvilles, and the Cincinnatis continued their toboggan trip by being overwhelmingly defeated at Baltimore. Chicago beat Boston, and Pittsburgh barely got away with the Washingtons. The results:

NEW YORK, 11; ST. LOUIS, 4. REW YORK, 11; ST. LOUIS, 4.

It was nothing to boast of to defeat St. Louis at the Poio Grounds yesterday. Von der Ahe's men put up a game that would have been a loser in the Virginia league. Naturally the New Yorks took advantage of this and came off with fiying colora, for they hammered Donahue's curves until they were tired. Dad Clarke, on the other hand, pitched without much exertion and still made the visitors look like a cage of monkeys. He had fine support especially from Davis and Gleason, the latter especially being a star.

from Davis and Gleason, the latter especially being a star.
St. Louis went to the plate first and Dowd got a life on Joyce's fumble. Sullivan singled and Dowd was nailed trying to make third. Turner forced Sully and Roger Connor, who was warmly applauded, popped a fly for Gleason. In New York's half, with Clark out, Van bunted safely, but he got no further than first, for Tiernan's liner was gobbled by Cross and Dowd threw out Joyce. Tiernan's liner was gobiled by Cross and Dowd
threw out Joyce.

The visitors were blanked again in the second,
Cross, who singled with two out, being left.
The New Yorks then scored their first run.
After Glesson was out Davis put the ball over
the right field ropes for three bases and scored
on Dowd's terribly wild throw to the plate.
Connaughton bunted safely and stole second,
where he was left, Zearfoss striking at three
ourve balls and Dad Clarke fouling to McFarland.

where he was left, Zearfoss striking at three curve balls and Dad Clarke fouling to McFarland.

Again the Missouri crowd received a blank in the third, Joyce making a beautiful play on Sullivan's bunt. The home team in the last half began to size up Donahue, and when the third man was out five runs had been chalked up. Clark opened with four balls, Van Haltren singled, and Tiernan filled the bases with a bunt. Joyce hit to Dowd, and Clark tallied on McFarland's clean muff. Gleason's grounder also went Dowd's way, and Van was thrown out at the plate. Davis cleared the bases with a double, to right and came in himself on Connaughton's single. Zearfoss forced the latter and Clarke forced Zearfoss.

Turner opened the third with a three-bagger to right centre. Connor's fly was eaten by gleason, and Turner scored on Parrott's grounder to Davis, who threw to first for the second out. Meyers flied to Van, and the figures were d to 1. The New York's couldn't score for the reason that, with two men on bases and two out. Turner made a wonderful running catch of Gleason's hard drive, the ball striking his hands a few inches from the grass.

One two-three order was the fate of the visitors in the fifth, and Joyce's men were quickly put to sleep, too. With one out in the sixth, Sullivan singled took second on a muff by Bill Clark, and counted on Turner's corking baser to left. Tiernau pulled down Connor's long drive, and Parrott forced Turner, Gleason stopping what looked like a safe drive and getting the ball to Davis in the very nick of time. Then the Harlem orew added four more runs to their string after two were out, on singles by Van Haltren, Tiernau, and Joyce, a two-bagger by Gleason, and wild throws by Turner and Mo-Farland.

Although Cross and Donahue hit safely in the seventh both were left because of Clarke's

Farland.

Although Cross and Donahue hit safely in the seventh both were left because of Clarke's heavy pitching. In the last half two local base runners were left without a run.

Turner scored for St. Louis in the eighth on his third safe hit and singles by Parrott and Meyers. Hits by Joyce and Giesaon, with a steal, got the former across the rubber in New York's half. McFarland's single, an out, and a hit by Dowd gave the last run to St. Louis in the ninth. The score:

Two victories in one day, even if they are captured from a tail-end club, is a relish that all cranks enjoy, and, as the Brooklyns were successful in both contests, it was a happy crowd that departed from Eastern Park shortly before 6 o'clock last evening. While the Colonels were easily beaten in both games, it must be remembered that the Kentuckians have a hospital list of their own. Two more players were forced to retire yesterday. In the opening inning of the first game Clarke, in trying to steal third, injured his leg and McFarland was sent to cover left field. He only had one chance and dropped the bail. Miller, who has a lame ankie, was hit on the finger, but pluckily caught out the game. Long drives at the proper time was the main cause of the first victory. Harper made his best showing on the home grounds. Tim Hurst falled to appear for the first game and Stein and Cunningham officiated. The score:

in the first inning after Griffin and Shindle had

bases. The Louisville twirler was rather cool in the first inning after Griffin and Shindis had each laced out triples, for he held the next three men in cheek. But Herman went to sleep in the third inning. With two out Jones singled and reached third on Dexter's wild throw to second. Shoch drew four balls, and, instead of resting at first base, made a dash for second. The Louisville piayers yelled to the pitcher to throw to second, but he didn't seem to hear until after Shoch had reached the base. Then followed the cannonade, which was continued in every inning excepting the fourth. Miller, in trying to field Griffin's three-bagger in the first inning, found that he was too lame and quit playing. The score:

PHILADRIPHIA, Aug. 26.—Taylor pitched masterly ball to-day and received fine support, and at no time in the game were the Spiders dangerous. A terrific line ball from Taylor's bat struck Wisson in the leg in the fifth inning. The Cleveland pitcher fell to the ground and fainted, and was carried from the field unconscious. While it is not thought that the bone of the leg is injured, the limb is badly bruised, and Wilson may not pitch again this season. Attendance 2,000. The score:

ISHED FIRST. tewards Thought He Fouled Box and Gave the Sapphire Stake to The Friar -Peepo' Day Wins the Reapers Stakes, Thanks to Taral's Splendid Riding.

That good colt George Rose, by George Kinbut was disqualified by the stewards, who were of the opinion that Mr. Murphy's colt had fouled Box and Voter three-sixteenths of a mile from home. Martin, the rider of Box, and Clayton, who rode Voter, were called into the stand after the finish, and, after hearing their testimony, Hill, who rode George Rose, was sent for and closely questioned. After hearing the three riders named, the stewards disqualified George Rose, placing The Friar first, Voter second, and Box third. Martin, the rider of Box, said during the course of the afternoon that The Friar was as much to blame for the crowding as George Rose was, the big chestnut colt swerving to the outside at the elbow. Hill said that Box carried him out at the elbow and that he thought Martin was the aggressive party. The talent were not a unit by any means on the question, and there were many of the opinion that George Rose should not have been disqualified. The stewards acted on the evidence before them and their decision, of course, was final. The race for the Reapers stakes resulted in an eyebrow finish between Peep o' Day and Goldcrest, the former getting the verdict, thanks to Taral's splendid horsemanship,
The Sapphire Stakes was an excellent betting

race, George Rose closing favorite at 2 to 1, with 3 to 1 quoted against Concord, The Friar, and Voter. It was 6 to 1 Box and 15 to 1 Arabian. Box and Arabian were added etarters. Concord the Ruppert sale, and he was plunged on for a red-hot, old-time hog killing yesterday, being steadily backed from 10 to 1 at the opening to 8 to 1 at the close. Thousands of dellars went on Lakeland's colt, and it was all burned up, for the green colt went away from the

on Lakeland's colt, and it was all burned up, for the green colt went away from the post buck-jumping and steadily lost ground. George Rose, The Friar, Voter, and Box came to the elbow in close order. Shortly after passing that point there was a lot of crowding and bumping. Box got much the worst of it, and Martin had to pull up, teerge Rose and The Friar then came on under punishment, the former winning by a good neck in a hard drive. Voter was a good third and Box fourth. Concord's bucking proclivities caused his saddle to slip, and it was away back, two feet out of the proper position, at the finish. Hamilton simply let him called home far behind the baiance of the field. Martin was called into the stewards' stand. Clayton was also called, and after sending for Hill, the rider of George Rose, the stewards disqualified the winner. This gave the stakes to The Friar and placed V-ter second and Box third.

But three three-year olds ran for the Reapers Stakes at one mile and three-sixteenths, Freep o'lay, Goldcrest, and Muskalonge. Peep o'lay, with Taral up, was favorite at 7 to 10. Muskalonge was the outsider. There was no pace to speak of until the upper turn was reached, goldcrest was in front, and Taral made niay with the favorite when the stretch was entered. Hamilton was sitting still on Goldcrest at the last furlong pole, so sure was he of victory, while Taral was riding the favorite like a mailman. Peep o'Day clung to Goldcrest so tenaciously that Hamilton was forced to go to the whip in the last hundred yards. It wasn't until the very wire was reached that Peep o'Day got his nose in front. Muskalonge was a fair third. Taral rode a supern finish and rich'y deserved his victory. Had Hamilton gone on from the head of the stretch Gold-crest would unnuestionably have won. The time, 2:00, shows that there was no pace during the early part of the race.

TALK OF A SWEEPSTAKES. There May Be a Ruce for Clifford, Requital,

There was some talk yesterday at Sheepshead Bay of arranging a special race at a mile to bring Clifford and Requital together. An expert suggested that Clifford should carry 125 pounds to the three-year-old's 120 pounds. Somebody suggested letting Buck Massie in at 115 pounds and making it a three-cornered

affair. The admirers of Requital claim that Buck Massie would have no chance with 115 pounds Massle would have no chance with 115 pounds up, and 110 pounds was considered about the proper thing for the little brown horse to carry. No doubt, Mr. Murphy would be willing to run Buck Massle with 110 pounds to Cinfford's 125 and Requital's 120 pounds, so by all means let the management of the Coney Island Jockey Club try to bring the horses together. Clifford is at his best right now, Requital is the champion, and Buck Massle is fit as a fiddle. A mile should suit all three horses.

GOOD TIME AND CLOSE FINISHES BY AMATEURS AT WATERLY. Excellent Racing at Patchogue and Middle-

The Atalanta Wheelmen of Newark held their second race meet of this season at the Waverly trotting track yesterday. The meeting was confined to amateurs exclusively, all the crack riders in this class taking part. The track, which is a half mile, was in excellent condition and some fast times were made. About 2,500 persons witnessed the races. Large fields of entries extended the programme until dusk. Several time trials took place. W. H. Ross of the Kings County Wheelmen rode a half mile against time, paced by the triplet team of the Riverside Wheelmen, including J. T. Beam, Joseph Judge, and F. Nagle. Ross lowered the half-mile track record to 56 1-5 seconds. He was admirably paced and seemed very fresh at the finish. Bert Ripley of the Tourist Cycle Club of Paterson rode an exhibition mile, paced by the triplet, in 2 minutes 1 second. The management of the races was excellent the track being kept clear of all excepting the officials Several bad accidents resulted when large fields were seen in the various heats. E. E. Bennett of Brooklyn fell while leading a large bunch of riders in the half-mile handicap and had his collar bone dislocated. William Brownley, a young rider from Kearny, also met with a mishap in one of the trial heats of the half-mile race. He was thrown from his wheel and had his leg badly cut across the knee, and will in all probability be disabled for several months. Both riders were carried from the track. Other riders took bad falls, but, barring bruises, were

not badly injured. A two-mile scratch race between teams representing the policemen, letter carrriers, and Fire Department of Newark created considerable interest. Each department had its representative riders entered, and while the police. were confident of winning, their riders succumbed to the superior speed and staying qualitles of the letter carriers. The summaries fol-

Charles M. Murphy and Earl Kiser, the professional racing men who went abroad in June to make a racing circuit through the leading cities of Europe, have returned home. While abroad both riders rode with remarkable success. Kiser won several races, and while racing in France, where he met all the best riders, he won the honor of being the most promising American who went abroad this season. He best both Jacquelin and Jaap Eden, Murphy, who rode in a great many races, won three first and three second prizes. Both riders declare that they received a most cordial reception wherever they raced, but they admit that the foreign racing men are riding faster every year, and that Americans must spend an entire year abroad to become properly acclimated and accustomed to the racing methods before they can expect to race successfully. Both riders will take a rest and join the National Circuit.

Night bicycle racing will be continued at the Olympia Park track at 135th street and Lenox avenue to-night. A number of races open to amateur riders will be run, in which all the local cracks will compete. Additional lights have been placed around the track.

Camp Capstres, CLATTON, Aug. 26.-There are four great divisions in the American Canoe Association, and they take turns in deciding the location of the meet. Next year the Canadians will probably decide to have the meet at the present spot, Grindstone Island. To-day opened with a very stiff and uncertain southerly wind. Three sailing races were posted, the Record, the Dolphin trophy, and a contest with sail limited to 100 feet. The two latter were not held, but the Record was called at 10:30. The rules provide that there shall be three record races, and to obtain a place on the record a contestant must

enter and finish in all three.

There were but two starters out of five entitled to sail. Hale capsized before the first buoy was reached, and the race was Stewart's. But when Stewart finished his first time around the race was called off on account of the heavy sea. The Regatta Committee decided not to call the race again and awarded Stewart two points and Haie one. This made the total rec-ord as follows:

ora as follows:
Stewart, Irondequoit Club, combined, 5 points; padding, 8 points; sailing, 2 points; total record 10.
Hale, Yonkers Club, combined, 2 points; p. dding, 2 points; sailing, 1 point; total record, 5. Moser, frondequoit Club, padding, 4 points. Sparrow, Toronto Club, combined, 4 points. Sparrow, Toronto Club, combined, 4 points. 1 points.

Derine, Washington, D. C., and Mr. and Mrs. J. H. T. Burr. Cazenovia. Nearly all of the camp took a moonlight excursion on the steamer St. Lawrence to-night.

LONDON, Aug. 26.-At the York August meeting to-day the Great Ebor Handicap Plate of 1,000 sovereigns, for three-year-olds and upward, the second to receive fifty sovereigns out of the place, one mile and three-quarters, was won by Lord Derby's Dingle Bay, four years old, Mr. G.
